LAST OF THE SERIES

PATRONS AND TEACHERS' MEETINGS AT PICKERING.

AN EXCELLENT MEETING

Papers and Addresses Instructive and Interesting—Meeting Was Well Attended.

The last of the series of patrons and teachers' meetings was held in Pickering Saturday. This was an excellent meeting, the attendance being large, the papers and addresses instructive and interesting, the exercises entertaining and pleasing and the audience attentive and enthusiastic. Every one listed on the program for an address or paper was present and responded in a manner that showed careful preparation and consideration of the question or topic assigned.

County Superintendent Cora Early of Worth county ably discussed "Moral Training in the Public Schools," showing the value and importance and the effect in moulding the lives of the children found in our public schools.

Mrs. E. G. Leake of the Maryville Normal outlined clearly and concisely what is required to make the educated man.

"What the Mother Expects of the Teacher" was ably presented to the teachers by Mrs. Rollen Wray. The way in which Mrs. Wray handled the subject showed she had had experience both as teacher and as mother.

Mrs. Dr. Crowson gave an excellent discussion of "The Relation of the Home to the School." She showed how important it is that the home and the school work together for the same end, the development of the child.

"Some Needs of Our Schools" was capably discussed by Mr. O. G. Null. Mr. Null placed special emphasis upon the fact that the education of the child should not be topped with the eighth grade, and suggested several methods by which this work might be continued farther.

Other topics of interest and importance were ably discussed by Superintendent G. F. McKinney, Miss Chloe Jeffers, Miss Maude E. Horton, Miss Gladys McKee, Miss Bess Burch, Miss Eugenia Lawler, Miss Mary Ross and Mr. Harry Lett.

The teachers were cordially welcomed by Mr. C. G. McMillen and highly entertained at the noon hour in the homes of the Pickering people.

County Superintendent Oakerson feels that the series of educational meetings over the county have been productive of much good.

Left for Oklahoma.

Mrs. Benjamin Craig, who has been spending the winter in Maryville with her daughter, Miss Antoinette Craig, left Monday morning for her home in Davenport, Okla.

FUNERAL SERVICES LARGELY ATTENDED

The funeral services of Mrs. Walter Wiles, held at the First Baptist church Friday afternoon, were largely attended. The pastor, Rev. Lee Harrel, preached an eloquent and comforting sermon from the text "For me to live is Christ, and to die is gain."

The singing was by Miss Marie Jones, Miss Myra Hull, Guy Neal and Orlo Quinn, the songs being old favorites of Mrs. Wiles, and were "Nearer, My God, to Thee," "Face to Face" and "Rock of Ages."

The ladies of the Eastern Star attended in a body, also the members of the Woman's Missionary society and the Aid society of the church in which she had always been a prominent worker. The floral offerings were indeed beautiful. Burial took place in Oak Hill cemetery. The pall-bearers were G. B. Holmes, Rudolph Deschauer, R. H. Duncan, A. W. Hawkins, Charles Childress and Alfred Royston.

Mrs. Wiles' death is not only a loss to the members of her family, but to the entire neighborhood and the organization to which she belonged, especially the church, where she gave whole-hearted service in every way she could. Her enthusiasm, born of genuine loving trust in God, was contagious, and she unconsciously led the way in many an undertaking that required the eye of faith to see a successful outcome. The loss her death has brought to her home is irreparable, for there was where she lived her best. Every day, by word or deed, she reminded her husband and sons of her allegiance to one who was her stay and guide in all things, which made of her the nearest and best friend of her sons, a devoted, loving wife, a kind, thoughtful neighbor and friend.

Those from a distance attending the funeral services were T. J. Hopping, a brother of the deceased, from Abila, Ia.; Mrs. Lafayette Rambo of Kansas City, a sister of Mr. Wiles, and Mr. and Mrs. Alex Fraser of Orrsburg.

TICKETS NOMINATED IN LINCOLN TOWNSHIP

In Lincoln township the following is the Democratic ticket that was nominated by the convention at Elmo Saturday: George P. Shoptaugh, trustee; J. R. Campbell and J. W. Miller, members of the township board; John Tadder, collector; W. H. Benham, assessor; J. R. Bales, Ira Woodard and O. B. Humphrey, justices of the peace, and H. M. Walter, constable.

The Republican ticket nominated for Lincoln township follows: George W. Walton, trustee; J. W. Cochran and Z. T. VanSickle, members of the township board; A. L. McElvain, collector; Mike Russell, assessor; J. S. Wood, Ed Adkins and Leonard Yarle, justices of the peace; John A. Anderson, constable.

The above tickets will be voted on at the election to be held next Tuesday.

Distribution of Cowpea Seed by the Missouri State Board of Agriculture.

In addition to the free lectures to be delivered by experts of the Missouri agricultural college on the special train which will be operated by the Wabash railroad over its lines in Missouri, March 21st to 23rd inclusive, a Wabash ticket agent at all points where this special train stops, will be supplied with a quantity of cowpea seed with instructions to sell at 10 cents per quart to applicants until the supply is exhausted. Only one quart of seed will be furnished to each individual, and it must be obtained before the arrival of the special train. None will be delivered while the train is at the station. The object in distributing this seed by the state board of agriculture is to secure a more extended use, both as a feed, as a fertilizer and to get more of the seed grown. The price of 10 cents per quart is the actual cost. Instructions as to planting, etc., will be furnished with each package.

For further particulars see your Wabash ticket agent.

TO ATTEND MEETING OF NORMAL PRESIDENTS

President H. K. Taylor will leave Monday evening for Chicago to attend the meeting of the normal presidents of the middle west, Wednesday and Thursday. He will, at the invitation of President John R. Kirk, stop at Kirksville to inspect the normal school there. He will return to Maryville Friday night.

Left for New Orleans.

Frank Bryan of New Orleans, La., left for his home Monday morning, after a visit since Friday with his parents, Mr. and Mrs. James N. Bryan, and his sister, Mrs. T. L. Wilderman.

CAPITOL QUESTION

TO BE VOTED ON AT SPECIAL ELECTION IN AUGUST.

FOR 3,500,000 DOLLARS

If This Plan Fails, a Constitutional Amendment for \$5,000,000 to Be Voted on in November, 1912.

Jefferson City, March 20, 1911.—The legislature has put the capitol question up to the people—they can take their choice of a short term, small bond proposition at a special election August 1, 1911, or a long term, larger bond proposition at the general election in 1912.

The proposition for the special election calls for a three and one-half million dollar capitol, while the proposition at the general election means a five million dollar capitol.

The three and a half million dollar bonds are to run thirteen years, while the five million dollar issue runs thirty years.

The short term bonds are taxable, the same as other property; the long term bonds are non-taxable.

The bonds in both propositions bear 3½ per cent interest, and the tax rate called for in each instance is two cents on the one hundred dollars assessed valuation.

The amount in each proposition includes building, equipping and buying additional capitol grounds, and the act stipulates that any sum spent in excess of the sum called for in the bond issues shall be "void and forever non-collectable."

If the smaller bond proposition carries at the August special election, the larger one will go by default, but should it fail to carry, then the larger bond issue will be voted on at the general election next year. It will require a two-thirds majority to carry the smaller proposition at the special election, while a majority vote carries the larger bond proposition at the general election.

The three and a half million short term bond proposition represents the views of the legislators who believe that amount is sufficient to build, equip and buy needed additional grounds and who oppose long term bond issues. The five million long term bond proposition represents the views of the members of the general assembly who think three and a half million is not enough, and who favor the long term bond issue.

Both propositions call for rebuilding the capitol at the present seat of government.

It's up to the people. They can build a three and a half million dollar capitol by paying a capitol tax of two cents on the one hundred dollars for thirteen years, or they can build a five million dollar capitol by paying two cents on the one hundred dollars for thirty years.

The way to beat the two cents for thirty years proposition is to vote for the two cents thirteen year proposition in August at the special election. The way to carry the long term proposition, which only requires a majority vote, is to vote against the short term proposition at the special election in August.

The state must have a new capitol. The question is, shall we have a three and a half million or a five million dollar building? Shall we pay two cents on the one hundred dollars for thirteen years, or two cents on the one hundred dollars for thirty years? Which?

News of Society and Womens' Clubs

Entertained G. C. Club.

Miss Mary Louise Andrews was hostess to the G. C. club Saturday afternoon at the home of her parents, Mr. and Mrs. E. L. Andrews, 497 South Buchanan street. One new member was initiated, Helen Rose Crawford. Dominoes were played, the tally cards being in blue and white. Pink and white carnations were the favors. The guests were Virginia Lawson, Mary Carpenter, Nellie Hutton, Lela Maier, Mary Louise Andrews, Helen Dean, Marguerite Cummins, Helen Rose Crawford and Hazel Garrett.

Young Ladies Mission Circle.

Mrs. G. B. Roseberry entertained the Young Ladies' Mission Circle of the First Christian church at her home Saturday afternoon. Mrs. J. S. Shingabargar was the leader of the program. Mrs. Lela Allender read a chapter from the book "East of Suez." A story, "Marion, Philosopher," was read by Mrs. Frank Garrett. A letter from Mrs. H. A. Denton of Troy, N. Y., wife of a former pastor of the Christian church was read by Mrs. John D. Richey. Mrs. Denton also sent clippings from the Troy papers telling of the recent missionary con-

vention held there and the reception given the delegates by the Governor and his wife in Albany, which were read by Mrs. W. E. Goforth and Mrs. Arch Frank. A paper on "The Modern Apostolate of Woman" was read by Miss Bessie Currant. Miss Edith Boyer closed the program with a delightful reading. During the social hour, Mrs. Roseberry served refreshments. There were three visitors, Mrs. Alpha Bishop, who recently moved to Maryville from Ravenwood; Miss Lela Chilton of St. Joseph and Mrs. Clark Miller of Grand Rapids, Mich., who is visiting her parents, Mr. and Mrs. John Boyer, living west of the city.

St. Patrick's Day Social.

The social given Friday night by the Epworth League of the First M. E. church to celebrate St. Patrick's day was highly successful, and a large crowd was in attendance. Appropriate music, readings and an address by Dr. J. S. Ford were very enjoyable. The music and readings were given by Miss Eva Rittenour, Miss Anice Ingerson, Miss Lucile Airy, Miss LaRue Kemp and Miss Glen Hotchkiss.

Will Present Flag.

The Woman's Relief Corps of Sedgwick post, G. A. R., of Maryville will present a handsome flag to the State Normal on the 29th of April, the day the building is decorated.

FILLED THE PULPIT OF METHODIST CHURCH

President H. K. Taylor filled the pulpit of the South Methodist church for Rev. Parvin, Sunday morning. The subject of his sermon was, "The Duty of the Christian Citizen," and was outlined under the following heads: First, "To take part in everything that concerns the welfare of his community." Second, "To help to create correct standards of conduct and a healthful moral atmosphere." Third, "To oppose everything that strikes at the integrity of character and lowers the standard of public morality."

Guests of Her Daughter.

Mrs. J. H. Ross of Grant City and Mrs. Cora Early, county superintendent of schools of Worth county, passed through Maryville Monday on their way home from Pickering, where they attended the teachers' meeting Saturday. They were guests of Mrs. Ross' daughter, Miss Mary Ross, principal of the Pickering schools. Mrs. Early took part in the program.

Are in Their Own Home.

Mr. and Mrs. R. B. Montgomery are now at home to their friends "under their own vine and fig tree" at 407 South Buchanan street, the residence recently vacated by Mr. and Mrs. Arthur A. Leet. Mr. Montgomery will soon be in a new business home also, the present location of the Signs Bros' clothing store. The past year has been marked by unusual success for this young business man. In that time his shoe business has exactly doubled, making larger store room imperative, and last November he took unto himself a wife, all of which accounts for the generally happy and satisfied appearance he presents.

Elmo People in the City.

Several from Elmo were in the city Monday. They were J. C. Piper, Mrs. Mary I. Piper, Mrs. Livengood, Dr. R. E. Ferguson, H. J. Alden, W. H. Hall, Clarence Hamilton, Lonnie Wilson, Dick Weddle, E. M. Bailey and A. Woodard. They were witnesses in the case in probate court of J. C. Piper against the estate of McConsey for a claim for labor of \$59, being tried this afternoon in that court.

Went to Albany.

Judge W. C. Ellison and Harry M. Irwin left Monday for Albany where the March term of court convened today. The docket for this term is an unusually large one.

Good Show at the Empire Tonight.

There will be a good show at the Empire theater tonight. "A Brave Western Girl" and other western pictures will be produced and a good time is assured for all who attend. The usual low prices will prevail.

Passenger Agent in City.

Miss Gladys Thompson of Barnard was in Maryville Saturday.

GAVE TROPHY CUPS

TO BOARD OF TRUSTEES FOR SAFE KEEPING.

WAS A LOVE FEAST

For Sedgwick Post and W. R. C.—Presented by Mrs. S. M. Black and Rev. C. H. John.

The ceremonies attending the presentation of the Lincoln and Washington trophy cups to the keeping of President H. K. Taylor of the Northwest Normal, Superintendent C. A. Hawkins of the Maryville public schools and R. L. McDougal, president of the public library board, were largely attended, and the spirit of purest patriotism seemed to pervade the very atmosphere of the Grand Army hall, where the ceremonies were held.

Mrs. Katharine Miller, president of the Woman's Relief Corps, presided. The singing of "America," led by Mrs. M. M. Deming at the piano, was the opening number. Mrs. Miller then stated the object of the meeting, which was to witness the presentation of the cups to the representatives of the Northwest Normal, the public schools and the public library, in trust, to be kept by those institutions as rewards for the winners in patriotic oratorical contests between the State Normal and Maryville high school to arouse and perpetuate the principles of patriotism in the students and people of this community.

Two vocal trios by Miss Vernie Felter, Miss Eva Montgomery and Miss Lillian Lindholm were sung, then Mrs. S. M. Black, patriotic instructor for the Woman's Relief Corps, on behalf of the corps, presented the Washington cup in eloquent words of tribute to Washington and our beautiful Stars and Stripes, with the hope that it would be a means of keeping alive in the hearts of the students and those who heard those principles for which Washington and his men suffered and holy reverence for the flag.

Mrs. Black was followed by Rev. C. H. John, who presented the Lincoln cup on behalf of Sedgwick post, No. 21, G. A. R. He said it was the desire of the post and W. R. C., to perpetuate their memoirs in the hearts of the young people for generations to come; that both desired to be remembered after they were gone, because of the principles they had fought and contended for in the face of death—the principles that are the very foundation of our government; that they wanted the young people of this community to study the characters of Lincoln and Washington, and the characters and principles of all others of American history that would foster patriotic sentiment. Men of this and other nations are seeking to leave great memorials of their work, but the Grand Army of the Republic, he said, should have the first right to a memorial. He said many good and tender things, that only a soldier can say, and no one else knows how to tell, that were deeply appreciated by his comrades, and those to whom he presented the trophy cup.

Superintendent Hawkins made the first response, at the request of President Taylor, chairman of the trustees, and spoke in behalf of the community. He thought the motive that prompted the G. A. R. and W. R. C. in making these gifts was the thing that would keep the bond of human sympathy with the memory of Washington and Lincoln, and that as year by year the students study the characteristics, new interpretations, always better and better, will be brought out and the entire community will profit by them, both in letter and spirit.

Mr. McDougal, on behalf of the citizens who pay the taxes that sustain our city library, accepted the cups with the promise that the board of trustees would do its part to aid in the dissemination of literature that would aid in the study of those principles that would make far higher citizenship.

President Taylor followed with a splendid address that was full of patriotic sentiment. He believes that the American people can improve a great deal in regard to reverence for law and our American institutions. In regard to observance of law, he said: "We could well pattern after our English brothers in obeying the law and those in authority."

In addressing the old soldiers, he said he believed that it took more courage to stand against the things that threaten our national life today, such as graft and greed of every kind, than it did for them to face the cannon during the years of the civil war.

At the close of President Taylor's address Mrs. Robert Metcalf sang "The Story of Washington and Lincoln," after which short addresses were given by N. Sisson, ex-Representative Lemon and Mrs. William Funk.

It was a patriotic love feast, and every one there was the better for having heard the veritable feast of good things.

CLUB TO TAKE UP AUDITORIUM BUILDING

The Commercial Club will meet Tuesday night in the club rooms for the purpose of considering the matter of a chautauqua or a public auditorium to be built on the State Normal grounds. Prof. P. O. Landon, manager of the chautauqua for the coming year, will present plans and bids from contractors for the consideration of the club and it is expected that Tuesday night meeting will decide whether Maryville is to have a public auditorium for this year's chautauqua or not.

PRAISE FOR REP. CRAIG FROM REV. E. J. MOORE

In his sermon on the Missouri Anti-Saloon League, at the Presbyterian church Sunday morning, Rev. E. J. Moore of St. Louis, the state superintendent of that organization, paid a very high tribute to Representative Anderson Craig.

"Laying aside the temperance question," said Rev. Moore, "I truly believe Mr. Craig to be the most representative man in the Missouri legislature at this time. It was through no fault of Mr. Craig's that the county unit bill failed. Nodaway county's representative stood at the head of the temperance forces, waged one of the hardest battles against the liquor traffic that has ever been fought in this state, won his fight in the house against the most unforeseen and unavoidable obstacles, only to have the measure defeated in the senate by a trick."

Rev. Moore said that on the preceding evening of the day when the lieutenant governor referred Mr. Craig's bill to the committee on municipal corporations, he himself had been told of the scheme by one of the senators, a liquor man. It was too late to help matters, however, as the senate adjourned within the next day or two.

In further speaking of Mr. Craig, Rev. Moore said: "Mr. Craig came to Jefferson City, one of the new men and practically unversed in the methods of legislation. He took a keen interest in all that happened, however, and forged rapidly to the front. During the fight over his bill he stood for five hours on the floor of the House and waged a successful battle against his opponents, some of whom are the best parliamentarians in the legislature."

Change at the Crystal.

Robert Hardaway, an experienced stock company man, has taken the management of the Crystal Stock company and will continue the entertainments there with the best productions he can command. The price has been reduced to 10 and 20 cents, which brings an evening's entertainment down to a pretty low figure. While doing this, Mr. Hardaway expects to strengthen and improve the show in many respects.

Came From Colorado.

Dr. Geo. Curfman of Salida, Colo., arrived in Maryville Monday noon, having been called here by the illness of his little son, Robert, who is quite sick of pneumonia. Mrs. Curfman and their two children came several weeks ago on a visit to her parents, Mr. and Mrs. David Gelvin of Milledale, and to Dr. Curfman's parents, Mr. and Mrs. John C. Curfman of this city.

CRANE'S

FUNERAL SERVICES

OF MRS. JOHN MOORE HELD SUNDAY AFTERNOON.

SERMON BY DR. FORD

Services in the Methodist Episcopal Church—Rev. John Assisted Dr. Ford.

The funeral services of Mrs. John Moore, who died last Thursday, were held at the Methodist Episcopal church Sunday afternoon. The body lay in state at the residence from 11 a. m. to 1:30 p. m. The casket was not opened at the church. At 1:30 Dr. Ford read the 23rd Psalm and offered prayer at the residence. There was a very large crowd at the church. The day was most beautiful and the people had come from every direction. The church had been appropriately decorated for the occasion. Thirty-two different floral offerings had been sent to the residence, and the casket was literally embowered with beautiful flowers. Among those who had come from a distance to attend the funeral were E. V. Moore of Peoria, Ill., and George J. Moore of Roswell, N. M., brothers of Mr. Moore; G. E. Cryder of Amity, Mo., and Mrs. J. W. Galtbreath of Graham, brother and sister of the deceased; Mr. J. W. Galtbreath of Graham, and Mr. and Mrs. A. J. Dooley of Topeka, Kan. Besides the above named relatives, Mrs. Moore leaves her husband, Mr. John Moore, and six boys, the eldest 12 years and the youngest 11 months, and Mrs. Rebecca Brink, her mother, and many other relatives and hosts of friends, all of whom feel very keenly their loss. Mrs. Moore was 25 years of age, having been born in Graham, Mo., September 19th, 1876. She was married to John Moore September 19th, 1905, on the nineteenth anniversary of her birth, at Graham, Mo. They lived in Graham until two years ago, when for business reasons they moved to Maryville, where she died, and where she now lies buried. She was a beautiful woman, noble in character, pure in mind and heart, a loving wife, an ideal mother and exemplary Christian. Death to her had no terrors, but she met it without a fear, and with a perfect trust in Christ as her Savior, she called her loved ones to her side to say good bye and to commend them to the care of the Good Father in heaven, in whom was her implicit trust. "Blessed are the dead who die in the Lord."

The funeral services were conducted by her pastor, Dr. Ford, assisted by Rev. John. Prof. Landon presided at the pipe organ and the singing by the following named quartet was very beautiful: Lona Perrin, Miss Felter, Miss Wray and Harry Metz.

Dr. Ford used as a text two clauses found in the 6th and 8th verses of the 14th chapter of the gospel by John. "She hath wrought a good work. She hath done what she could." After paying a very high tribute to the good graces of the deceased he closed with a short poem used by Dr. Peabody as dedicatory verses of his book, "Jesus Christ and the Social Question":

"Through sunny days and through stormy weather,
Yet ever hand in hand, beloved wife,
We two have walked our quiet way together
Along the dusty road of common life.

Bright were the vistas on our journey's seen,
And dark the valleys of the shadow lay,
But your dear love, like Israel's God,
Has been

My light in darkness and my shade by day.
I cannot give you what a scholar ought,
Learning or wit or insight for the true;
But I transcribe what you have daily taught—
"The spirit of the Master seen in you."

Death of Old Resident.

Mrs. Jane Dew, widow of Robert Dew, a pioneer settler of this county, died Saturday at the home of her son, John Dew, in Clearmont. Mrs. Dew was 78 years of age and she had been sick for some time. Four sons, John, Ross, James and Elvin Dew, survived and are residents of Clearmont. Also two daughters, who are not residents of this state. The funeral services were held Sunday afternoon at 2:30 o'clock in the Baptist church at Clearmont, conducted by Rev. Lee Harrel of Maryville.

Spent Sunday in Burlington Junction, Leland Andrews and sister, Miss Fannie Andrews, and their guests, Mrs. Albert E. Foster of Anadarko, Okla., and Miss Golda Airy spent Sunday in Burlington Junction, the guests of Rev. Andrews and Earl Flowers.

Don't overlook the Democrat-Forum's music feature published once a week. The list contains the most popular of the late songs and music. They cost you nothing if you are a subscriber to the paper and are well worth a place on your piano. Try them.

The husband of a society leader in Atchison has endured all the decrees of fashion and bowed submissively to the dictates of the "four hundreds" until his wife undertook to hobble his night shirts. Then he became an insurgent.

There are a good many American citizens now in Mexico engaged in "saving" that country who will later on be appealing to this government to save them from penalties of their own conduct. Citizens of this country are and should be protected in all the countries of the world when engaged in peaceful pursuits and attending to their own business, but when a man goes into a foreign land and takes up arms against a foreign government he voluntarily relinquishes the right to protection and must take the consequences. Men have a perfect right to go into a foreign land and battle for commercial supremacy subject to the laws of that country but if the laws of that country do not suit him, he would better stay under the protection of his own flag.

Mrs. Jesse Robertson of Burlington Junction spent Monday in Maryville on business.

Mr. and Mrs. A. J. Dooley of St. Joseph, Kan., and F. F. Fogelson of St. Joseph, who came to attend the funeral services of Mrs. John L. Moore, returned to their homes Monday.

APPROPRIATIONS NEAR 10 MILLIONS

Senate Finally Disposes of Last

GIFTS FOR HOUSE OFFICERS.

Gold Watch for Speaker Barker and a Diamond Pin for Representative Holcomb—Simmons and Lloyd Are Given Gold Headed Canes.

Jefferson City, Mo., March 20.—The senate completed consideration of the last house appropriation measure and passed all the bills. These were the general contingency and deficiency bills and an act to set apart money for defraying the expenses of the general assembly, which will be \$280,000. The total appropriations for 1911 and 1912 will come very close to the ten-million-dollar mark.

The house spent considerably more than an hour making gifts and speeches. Speaker Barker received a gold watch. Representative Holcomb of Jackson county, speaker pro tem, received a diamond pin. Representative Simmons, Democratic floor leader, was given a gold headed cane. Representative Lloyd, Republican floor leader, was given a gold headed cane. Kelly Pool, chief clerk, was given a music box by the clerical force.

REAL WAR AT PARK COLLEGE

Presbyterian Freshmen Force Sophomores to Take to the Woods.

Parkville, Mo., March 20.—The men of the sophomore class at Park college are not fresh air "fends," but they have been sleeping in the open the last week.

The sudden enthusiasm the sophomores have developed for getting next to nature is the result of a class scrap with the freshmen. Ordinarily, a sophomore class doesn't have much trouble in training up its freshmen in the way they should go, but the second year Presbyterians tackled a job that was a little too large for them. There are about twice as many freshmen in the college as there are sophomores and the freshmen are so determined to prove their general superiority that the sophomores have been compelled to take to the woods every night for fear they would be captured. Bams and ravines have been their sleeping places and the location of the camp is changed every night for fear some freshman scout may have discovered it.

In the daytime the second year men attend the classes, but after sundown it would be hard to find a sophomore in Parkville. The freshmen know, for they have tried.

FRANK JAMES MOVES BACK

In Poor Health, Former Bandit Returns to Scenes of His Childhood.

Oklahoma City, Okla., March 20.—Frank James, brother of Jesse James, who when he came to Oklahoma and settled on a ranch several years ago, announced that he would live and die in Oklahoma, has changed his mind. The death of his mother recently caused James to alter his plans. He has sold his ranch and will return to Lees Summit, Mo. Included in the sale of the ranch were many relics of James' bandit days. They brought a big sum. James' health is not the best, which also had a bearing in his decision to go back to the scenes of his childhood.

COLLEGE FOUNDER DEAD

Dr. J. B. Stewart of Clarksburg, Mo., Was Seventy-Three Years Old.

Tipton, Mo., March 20.—Dr. J. B. Stewart, the oldest practicing physician in Monticau county, died at his home in Clarksburg near here. He was seventy-three years old.

Dr. Stewart was Monticau county's representative in 1905 and a member of the state pension board until it was abolished. He was the founder of Clarksburg college, which was established thirty-five years ago. He is survived by a widow and three married daughters.

P. Dickerson by the estate of the slain pugilist. Mr. Dickerson was a friend of the dead pugilist, the shooting which cost Ketchel his life, having occurred on the Dickerson ranch in Webster county.

Jefferson City, Mo., March 20.—The senate passed the Sosey house bill appropriating \$10,000 for a monument to be erected at Hannibal to the memory of Samuel L. Clemens (Mark Twain) and appropriating \$1,000 for placing a marker at the place of his birth, Florida, Mo. The bill provides for a commission to be appointed by the governor to have charge of the work.

Quickly Cures Coughs, Cold and Catarrh.

If you, dear reader, could spend an hour looking over a few of the thousands of testimonials that we have on file, you would not go on suffering from catarrh, that disgusting disease that will surely sap your vitality and weaken your entire system if allowed to continue.

You would have just as much faith in Hyomei as we have, and we have so much confidence in its wonderful curative virtue that it is sold the country over under a positive guarantee to cure catarrh, croup, sore throat, coughs and colds or money back.

No stomach dosing when you breathe Hyomei. Just pour a few drops of the liquid into the inhaler and breathe it in.

It is mighty pleasant to use; it opens up those stuffed-up nostrils in two minutes, and makes your head feel as clear as a bell in a short time. Breathe Hyomei and kill the catarrh germs. It's the only way to cure catarrh. It's the only way to get rid of that constant hawking, sniffling and spitting.

A complete Hyomei outfit, which includes a bottle of Hyomei and a hard rubber pocket inhaler, costs \$1.00 at druggists everywhere or at the Over-Henry Drug company. If you already own a Hyomei inhaler you can get an extra bottle of Hyomei for 50 cents.

MERRILL ALDERMAN'S CONDITION BETTER

The condition of Merrill J. Alderman was better Monday forenoon than it was on Sunday. During his conscious moments he has been perfectly rational and has talked of various things to the physicians and attendants. He partakes of his food heartily, and on Sunday and Monday mornings he asked for his breakfast and wanted to get up, as he said he felt well enough to be up.

At noon Monday, Mr. Alderman became drowsy, which is the only bad indication in his condition that has so far appeared. Dr. Bell says that he is holding his own at present.

WHAT TO DO.

I knew an able, brawny wight Who won success with ease; Who did not strive from morn till night He had rare qualities. But when he won the goodly prize, This luckiest of men, He rested 'neath admiring eyes And lost it all again.

Another strove from day to day To conquer adverse luck. He was not brawny, able—nay, He only had his pluck. But when he'd gain in warfar, rough A prize for which he'd tried, He knew its value well enough To keep it by his side.

So goes the world to working folk— Some strive till life is done. Some seem to think that life's a joke And lose the prize they've won. But if you wish success to win That profits much a man, It pays to do, through thick and thin, The very best you can.

"I haven't seen Gimley for a long time. He used to be a dickens of a fellow among the girls." "He has been cured of all that." "What cured him?" "Marriage."—Cleveland Plain-Dealer.

MEXICANS THINK PEACE IN SIGHT

Limantour's Arrival in Capital
Hailed as Harbinger.

TALK OF CABINET CHANGES.

Washington, March 20.—Peace is assured in Mexico within the present week if certain influences now at work toward that end prove effective. With the arrival in Mexico City of Minister Limantour President Diaz began a conference which it is expected will result in the announcement within a few days of a reorganized cabinet.

Minister Limantour will present an explanation of the demands of the revolutionists and the changes in the official family of President Diaz, as well as the institution of reforms expected to appease the insurgents.

In the meantime President Taft, who arrived here from Augusta, Ga., this morning, will confer with Ambassador de la Barra and there is good ground for the assumption that the troops now concentrated in Texas immediately will begin a series of maneuvers and return shortly to their posts. The coming of peace in Mexico also is strengthened by the manner in which the revolutionists have commented on the magazine article of Ambassador de la Barra and the significant spirit of expectancy with which the results of Senator Limantour's conferences in Mexico City this week are awaited by organs of the insurgents.

TROOPS BRING RAIN TO TEXAS

Soldiers at Fort Crockett Spend Wet Night in Dog Tents.

Galveston, March 20.—Rain fell in torrents at Fort Crockett and almost drowned out the 2,500 soldiers who arrived from the north on transports and spent the night under the inadequate shelter of their dog tents. It was the first time it had rained here in weeks and the downpour occurred at the worst possible time for the newly arrived troops—before they could get their big tents up.

Several large tents were blown down and the smaller ones that stood were rendered practically uninhabitable. Though most of the soldiers were soaked to the skin, they came up smiling when reveille sounded and entered with enthusiasm into the work of setting their camp in order.

"We had a pretty tough night of it," remarked one of the soldiers, "but it was not nearly so bad as those eight days aboard the transport." It seemed that the discomforts of the voyage were due more to overcrowding than to rough weather, although a heavy sea was encountered the third day out.

Port Crockett reservation is probably half a mile square and is west of the city on the gulf front. There has been no garrison there since the great storm of September, 1900, but the government has been constructing fine concrete barracks. Several of the buildings are ready now. The grade of the reservation has been raised to the level of the great concrete wall put up since the storm to defy the sea. Three gun and mortar batteries line the water front.

Huge Division Bakery.

San Antonio, Tex., March 20.—No feature of the so called maneuver camp here attracts more attention than the division bakery. The bakery can turn out 20,000 two-pound loaves daily, and is at present delivering about half that quantity.

START WORK ON TARIFF SOON

Chairman Underwood Expects Committee to Begin This Week.

Washington, March 20.—Chairman Underwood expects the Democratic members of the house committee on ways and means will begin work on tariff some time this week, and that by the time the extraordinary session is convened on April 4 some plan will have been mapped out to govern the procedure after the bill to carry out the Canadian reciprocity agreement has been framed. The most complex question to come before the committee is whether any tariff questions will be placed upon the Canadian bill as riders, or whether such schedules as the committee decides should be revised, shall be treated as separate measures.

The certainty that hearings will be demanded by producing and manufacturing interests affected by any proposed revision of the tariff may deter the committee not to complicate the Canadian question with consideration of such schedules as wool and woolsens, cotton or agricultural implements. The majority is a unit in favor of the Canadian agreement and it is believed the decision will be to keep it separate from other tariff matters, and take up schedules after the Canadian bill has been sent to the senate. Although the Canadian bill will not carry general tariff revision as a rider, it may go a great deal farther than the McCall bill.

The Best of Backs Are Bad When
They Ache, and Maryville People Know It.

A bad back is always bad. Bad at night when bedtime comes, Just as bad in the morning. Ever try Doan's Kidney Pills for it? Know they cure backache—cure every kidney ill?

If you don't, some Maryville people do.

Read a case of it:
J. A. Murphy, East Fourth street, Maryville, Mo., says: "I suffered considerably from kidney and bladder trouble. In the morning upon arising my back was weak and stiff and there was a dull ache in my loins which at times handicapped me in doing my work. Whenever I caught cold it settled in my kidneys, and at such times the kidney secretions became unnatural. I was run down in health when I read about Doan's Kidney Pills and procured a supply at Charles A. Love's drug store. Soon after beginning their use I found relief, and I am now free from kidney trouble. I occasionally take a few doses of Doan's Kidney Pills, finding that they serve to keep my kidneys in a normal condition."

An event of unusual interest, not only to the farmers of our county but to the people generally, are the coming lectures by the experts of the College of Agriculture, University of Missouri, and of the State Board of Agriculture.

The Democrat-Forum is informed that the Wabash special train, carrying the experts and their exhibits, will arrive at Maryville at 7:00 P. M. Thursday, March 23. The lectures will be delivered in the Court House, and everybody is cordially invited to attend.

The lectures will include such interesting subjects as "Better Farm Methods," "Modern Dairying," "Spraying," "Horticultural Work," "Soil Improvement," "Better Live Stock," etc.—every subject of great interest. An especially attractive feature of the exhibits carried on the special train will be "Missouri Chief Josephine," the world's champion cow, which, as some of us know, was born and raised on the Missouri Agricultural Farm. She offers wonderful evidence of the real dollars and cents value of farm methods as practiced at the College of Agriculture, and about which we are to hear at the lectures. There will also be shown some other thoroughbred stock owned by the College of Agriculture. This is the best stock ever produced in Missouri, or any other state, undoubtedly of interest to you.

The Democrat-Forum sincerely believes that these lectures of great interest and real practical help to everyone who hears

FIVE MEN KILLED IN KANSAS MINE

Three Blackdamp Explosions in Rapid Succession.

SUPERINTENDENT IS KILLED.

Rescue Party Meets Same Fate as First Victims—Shot Fier Saves Himself by Lying Flat on Ground a Moment Before Explosion.

Pittsburg, Kan., March 20.—Five men, one of them John Jopling, general superintendent in the coal department of the Missouri, Kansas and Texas railway, are dead as the result of an explosion of black damp in the company's mine at Mineral, Kan.

There were three explosions, the first after Thomas Cheek and John Burgan, shot firers, went into the mine to begin work. Both were killed instantly. The second explosion came when William Jeffries, another shot firer, went underground to rescue his fellow workers. By lying flat on the ground a moment before the second explosion Jeffries saved himself. As soon as he reached the surface a rescue party, composed of Jopling and two miners, Samuel Watson and a foreman, rushed into the pit to search for Cheek and Burgan. Less than thirty minutes later there was an explosion which killed Jopling and the men.

SUFFRAGE CAMPAIGN OPENS

Miss Sylvia Pankhurst Urges Kansas Women to Use Moderation.

Topeka, March 20.—Miss Sylvia Pankhurst, the English suffragette, opened the Kansas campaign for woman suffrage with an address in the First Baptist church. Miss Pankhurst neither looks nor acts like a real fighting politician, but when she talks she shows there is a great deal of force in her make-up and that she isn't afraid to go to jail or anywhere else in a good cause.

Miss Pankhurst insisted that the English women would be given the right to vote within a year. She told in great detail her experiences as a militant suffragette in London. She urged the Kansas women to campaign as effectively as they could and counsel moderation.

PARENTS DEED AWAY CHILD

Ordinary Transfer, Such as Is Used in Conveying Land, Is Form Used.

Los Angeles, March 20.—George and Gladys Philpaw deeded away their twenty-nine-month-old baby boy in a document filed with the county recorder. According to the terms of the deed, which was made similar to the ordinary kind transferring real estate, the parents of the child convey "all their rights, title and interest in Noel Ernest Philpaw, together with all hereditaments and appurtenances, to have and to hold," to Mrs. Rosalie de Priestas.

Even a consideration is named in the deed, which is described as "love and affection and better protection."

DES MOINES LOSES THEATER

Largest in City Next to Coliseum Destroyed by Fire—Loss, \$50,000.

Des Moines, March 20.—A blaze which started shortly before midnight in the Auditorium, the largest theater in Des Moines, next to the Coliseum, completely destroyed the building in less than an hour. Only a shell of the building remains. The building was leased to the Shubert Theatrical syndicate. The loss is estimated at about \$50,000. The Van Dyke and Eaton stock company was to have played in it during the week.

BODIES OF SAILORS FOUND

All Victims of Loss of Tug Have Been Accounted for Except Cabin Boy.

Cleveland, March 20.—Life savers recovered the bodies of Edwin Holmes and Edwin Johnson, who lost their lives, with six others, when the fishing tug Silver Spray went down off Cleveland harbor last week. They were picked up on the breakwater, where the bodies of five others of the crew were recovered, and were life preservers. This leaves but one body, that of Walter Longeneau, fourteen years old, cabin boy, to be found.

HIS RAGE FATAL TO TWO

An Ohio Man Shot and Killed His Son and Himself.

Steubenville, O., March 20.—In a rage Joseph Heim, forty-five years old, shot and killed his son, Joseph, Jr., and then shot himself. Heim kept a grocery store. After he had shot the son he set fire to the place and then killed himself. Firemen extinguished the flames and found the bodies. Heim had trouble with his wife about two years ago and they separated. They were recently united.

Pope Receives General Reyes.

Rome, March 20.—The pope received in private audience General Bernardo Reyes, the Mexican soldier, and discussed with him the situation in Mexico. His holiness remarked to General Reyes that although President Diaz was for the separation of the church and state the Vatican is well satisfied with the position of the church in that country.

Mrs. D. G. Davidson spent Saturday and Sunday near Hopkins with Mrs. Davidson's parents, Mr. and Mrs. H. C. Davidson.

Man Gored to Death by Bull.

New York, March 20.—The mangled body of William Payne, a farm hand, was found in a pasture near Morris-town, N. J., where he had been gored to death by a bull. Payne disregarded warnings and alone attempted to let the animal into a field.

BOOKER T. WASHINGTON.

Negro Educator Who Was Entertained by Kings.

GERMAN STRIKES BOOKER WASHINGTON

Negro Head of Tuskegee Institute Injured in New York.

New York, March 20.—On complaint of Booker T. Washington, the negro educator, a man was locked up by the police charged with assault upon Dr. Washington last night in front of a Sixty-third street house. The latter received so severe a blow on his head from a club that he was at the Flower hospital for more than an hour having the wound dressed. The alleged assailant, who is a large German, gave his name as Albert Ulrich.

Ulrich told the police that he came up from the basement with his club when his wife complained that a negro had been hanging around the hallway, acting suspiciously. He walked up to the man and asked him what he wanted around there. No answer being given he grabbed the negro, ignorant that he was attacking the educator. In the mixup which followed, Ulrich wielded his club and received the return blow which Dr. Washington admitted he struck.

NAFTZGER DECLARED GUILTY

Former Banker Convicted of Selling Stolen Postage Stamps.

Wichita, Kan., March 20.—L. S. Naftzger, formerly president of the Fourth National bank of Wichita, was found guilty by a jury in the federal court here of buying and selling stolen postage stamps. The offense is punishable by a maximum sentence of five years in prison and a fine of \$5,000. Naftzger bought the stamps from Frank I. Burt, formerly chief of police here. The stamps had been stolen from Kansas postoffices and were sold to Burt by John Callahan of Wichita, who is under sentence for robbing the Milan (Kan.) postoffice and also has been convicted of buying and selling stolen postage stamps.

The former banker's defense was that he did not know the stamps had been stolen. He admitted purchasing them at a discount.

Burt recently pleaded guilty to buying and selling stolen stamps, waiving trial. Callahan is said to have obtained the stamps from Roy Templeton and Edward Earl, who are under sentence for robbing the postoffices at Hope and Burdick, Kan.

Sentence probably will be passed on Naftzger, Burt and Callahan this week. It is understood there will be no appeal in Naftzger's case if only a fine is imposed.

Sorority House Robbed.

Lincoln, March 20.—The Phi Beta Phi sorority house, 345 North Thirtieth street, was entered by burglars and \$125 in checks, money and jewelry stolen. The girls were all absent and the house was locked. The burglars took time to ransack every room in the house, throwing open drawers and chests, scattering clothing everywhere.

Lobsters Take to Aviation.

Portland, Me., March 20.—Lobsters sold at wholesale in this city at 55 cents a pound, and, according to the local dealers, the price is likely to go higher. The present price is the highest ever received in this city. Severe weather the last few weeks is the cause of the advance.

Man Gored to Death by Bull.

New York, March 20.—The mangled body of William Payne, a farm hand, was found in a pasture near Morris-town, N. J., where he had been gored to death by a bull. Payne disregarded warnings and alone attempted to let the animal into a field.

Came to Attend Funeral.

Mrs. W. H. Thomas of Grant City and Mrs. M. J. Cure of Stanberry came to Maryville Friday, having been called here by the death of Charles Stark son of Mr. and Mrs. Jonathan Stark, living east of Maryville.

Mrs. Jesse Murphy and son, Charles Scott, of Rea, Mo., who have been visiting Mrs. Murphy's sister, Mrs. Geo. H. Meek, returned home Monday.

Heart Strength

Heart strength, or Heart Weakness, means Nerve strength, or Nerve Weakness—nothing more. Positively, not one weak heart in a hundred is, in itself, actually diseased. It is almost always a hidden tiny little nerve that really is all at fault. This obscure nerve—the Cardiac, or Heart Nerve—simply needs, and must have, more power, more stability, more controlling, more governing strength. Without that the heart must continue to fail, and the stomach and kidneys also have these same controlling nerves.

This clearly explains why as a medicine, Dr. Shoop's Restorative has in the past done so much for weak and ailing hearts. Dr. Shoop first sought the cause of all this painful, rattling, suffocating heart distress. Dr. Shoop's Restorative—this popular prescription—is alone directed to these weak and wasting nerve centers. It builds it strengthens; it offers real, genuine heart help. If you would have strong hearts, strong digestion, strengthen these Nerves—re-establish them as needed, with
